WHO AM I?

I am passionate about automating everything I can and building robust, scalable IT infrastructures. I enjoy exploring new technologies, learning modern DevOps and Cloud solutions, and constantly improving both my skills and the environments I manage. I thrive on solving real problems, sharing knowledge, and making daily IT work easier, faster, and more reliable for everyone around me.

SKILLS

Docker ██████████
Bash ████████████████
Ansible ██████████████
IaC ██████████████
CI/CD ████████████████
Azure ████████████████

QUALITIES

Cooperative

Sharing is Caring – Knowledge sharing is the most important value to me.

Ownership

Following and learning the latest tools in the IT world.

Creativity

I can see the big picture and constantly seek ways to improve processes and enhance efficiency. As a good team player, I am always eager to share my ideas with others.

EXPERIENCE

Oct 2024 – Present
Junior

DevOps Engineer

SlickCloud

Terraform / Ansible / Microsoft Azure / PERL / Hashicorp vault /
Splunk / Perforce / Github / CI/CD: Azure DevOps, Jenkins

Key Achievements:

- Built and maintained Infrastructure as Code (IaC) for secure, scalable Azure environments.
- Automated deployment pipelines, reducing manual steps and accelerating releases.
- Led environment provisioning and configuration automation for test and production.
- Introduced improvements to monitoring, security, and cost-optimization.

May 2020 – Aug 2020
Intern

Web Developer

MNC Poland Group

HTML / Javascript / CSS

- Designed and delivered a fully responsive company website.
- Collaborated in a cross-functional team, gaining practical experience in agile web development.

Apr 2019 – May 2019
Intern

Network Technician (TYGRYS.NET)

NOWATEL Sp. z o. o.

Fibre optics / MikroTik / DNS/DHCP

- Installed and configured fiber optic infrastructure for business and residential customers.
- Managed MikroTik devices and key network services.
- Supported multimedia and network projects for local clients.

EDUCATION

2021 – 2025

Bachelor of Engineering

Gdynia University of Maritime

Electronics and Telecommunications

Thesis: Automation of the Linux environment in the context of virtualization and Web services.

KEY PROJECTS (OPEN SOURCE & PERSONAL)

2023 – Present	ansible-ops-workstation Contributed to an advanced Ansible-based automation toolkit for provisioning and managing developer workstations (Linux/Windows). Focused on playbook optimization, role modularity, and cross-platform compatibility. Tools/Tech/Lang: Ansible, Jinja, Shell, Python, Docker	Contributor
2023 – Present	home_infra (IaC/DevOps) Automated home and lab infrastructure from scratch. Created universal playbooks for OS and service provisioning, monitoring, backup, and security hardening. Infrastructure is versioned, reproducible, and easy to extend. Tools/Tech/Lang: Ansible, Jinja, Bash, Jenkins, Docker, K3S Infra: Jenkins, Dashboard(Dashy), HomeAssistant, InfluxDB, ADguard, Grafana	Personal
2023 – Present	Docker_Container_monitor (Go CLI) Developed a fast, lightweight CLI tool in Go for real-time monitoring of Docker containers. Enables resource tracking, service health checks and inspect containers over SSH – all from the terminal. Tools/Tech/Lang: GO, Python	Open Source
2024	Cronify Developed a Python and Shell-based automation tool for managing scheduled tasks (cron) across multiple systems. Simplifies bulk cron job deployment and backup.(YAML) Tools/Tech/Lang: Python, Yaml	Open Source
2022 – 2023	Linux VM Provisioning Examples Developed a project demonstrating two approaches to provisioning QEMU/KVM-based Linux VMs using automation. Focus on reliability, repeatability, and documentation. Tools/Tech/Lang: Ansible, Vagrant, QEMU/Libvirt, Python, Bash	Contributor(main creator)

LANGUAGES

English – proficient
Polish – native

HOBBIES

Automobiles, sports, technology,
hardware

CERTIFICATES

Network Security – Cisco 2024

I hereby agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
